

## CUSTOMER COMMENTS REGARDING WORKING/DUDE RANCH ACCOMMODATIONS

*"Had a little trouble finding it. Good lodging, food, people. Love the house they put us in."*

*"Not as plush as some other first class ranches. Food was good, not outstanding. Guides and help were excellent. Plenty of personal attention given. Chef was most accommodating, as were all personnel."*

*"Only suggestion – evening activities."*

*"Accommodations were good, food was below average. Only one phone for guest use and it was shared with the ranch computer."*

*"Accommodations were fine. The food was poor."*

*"Not really prepared in many ways, e.g. what to do when the power goes off, no one knew how to light a pilot light, terrible wake up calls."*

*"We loved the 'community feeling,' eating together and sharing stories at the end of the day."*

*"Recommend against guests staying in [particular cabin]."*

*"Food was very good – a bit rich. Owners were very nice, beautiful setting."*

*"Just perfect, small, romantic, upscale, geographically beautiful with old world service."*

*"The food was too good! Actually, too rich and too much."*

*"Excellent lodge with great food. Management very attentive to [guests'] needs."*

*"Disappointing food."*

*"This is a fantastic place, especially the people."*

*"Old, but good! Full flavored ranch, great guides, great meals."*

*"Great place, great fishing, great hosts."*

*"What a perfect finale to our trip! Everything about the ranch was so much fun. Our granddaughter loved the riding and was awarded a special award by her wrangler. [The staff] did everything they could possibly think of to make our stay enjoyable. It was a really nice experience and the setting is lovely."*

*"My only possible complaint would be that in the small bedroom of the two-bedroom suite, there was not a fan and it was starting to get hot."*
